Rehearsal Nations Cup

As a rehearsal for the World Championship the Nations Cup took place on Whitsun. This first test was a great success for the German teams as all three participating teams reached the first three places with excellent results.

The highly regarded teams of Sweden and Switzerland were beaten and have to struggle at the World Championship to compensate the home advantage of the German team.

A particular highlight on Whitsun was the two-rounds record of Marcel Noack from Mainz who played an almost perfect round of 19 on the miniaturegolf course and appended a new course record of 21 on the felt course.

World Championships

World Minigolf Championships take place every two years.

With Bad Münster Germany has got awarded the contract for the organization for the second time since 2003.

Apart from the team competition and the traditional strokeplay (lowest score wins) there is the recently introduced matchplay competition, played as direct duels: The winner is who wins more lanes. This is particularly exciting for the spectators.

Apart from the German men's team usually Sweden, Austria, Switzerland and Italy are counted as medal candidates.

In the women's category the teams from Germany and also Sweden, Austria and the Czech Republic are the favourites.

Bianca Zodrow (women) and
Walter Erlbruch (men) were
the matchplay World Champions
in Stockholm 2011.

Updated: 25.07.2013

A strong Finnish team which drew attention at the Youth WC in Bad Münde in 2012: Youth Matchplay World Champion Eetu Ikola with his coaches Pasi Aho and Oskari Vihervaara (from left).

Mode of competition

Team competition (21. - 22. August 2013)

In the team competition all scores of the team players are added up. The team with the lowest total score wins. 6 players plus a reserve form a men's team and 3 players plus reserve a women's team. Defending champion is Sweden.

Strokeplay (23. August 2013)

The results of the team competition plus an intermediate round for all participants form the qualification for the final round of the best 9 women and the best 15 men. The lowest score wins. The players with the lowest total score are the World Champions. A play-off brings the decision in the case of a draw.

Matchplay (24. August 2013)

The best 32 men and 16 women after the intermediate round of the strokeplay competition qualify for the matchplay.

This mode is played in direct duels (1. versus 32., 2. versus 31., ...) and the score does not decide. At every lane the better player gains a point. There are no points in case of a draw. Only 9 lanes on each competition course are played in matchplay. The winner of a duel reaches the next round.

Championship 2013

Minigolf sport

Family pleasure and competitive sport

Not only the challenge to hit the ball with least shots as possible into the hole makes minigolf so interesting for the people (If the ball does not reach the hole with the 6. shot a 7 is written down, which is called an "Otto" in minigolf terminology). Furthermore minigolf is a leisure activity for the whole family, a popular event for company and birthday parties.

And for the ambitious minigolfers it is a real competitive sport, exercised all over Germany in ca. 300 clubs (with more than 10,000 members) from the Kreisklasse to the 1. Bundesliga.
